JSOB Sectional July 12-14

JSOB Non-Life Master (0-499) September 21-22

Pro-Am Game Sept 26

JSOB Sectional October 11-13

Congratulations to Richard Streeter, Ambassador for Bridge. Among the many things Richard does for JSOB include educator, director, computer expert, former Board Member and Officer, and just being there when we need him. Thanks, Richard for all you do.

Team/Pair Game: On April 20, Director Richard Streeter inaugurated a new game – a combined pairs and board-a-match team game. In this event participants can win masterpoints in the pairs event, the team event or both. The event must have full tables. Because of the BAM game, half tables aren't allowed. This is taken care of by having a stand-by pair available. Pairs without a team are welcome. You'll be paired up with another pair that comes alone. Players can also come as teams.

For this first event, a club championship, the game had 16 pairs and 8 teams. After some initial hiccups involving the Bridgemates, the games went smoothly, albeit a little long because of the problems, and everybody had a good time and enjoyed the event. For this first game, the team of A. Landry, Westra, Raeuber and Greenstein took first place in the BAM team game. Landry/Westra also took first place in the pairs event.

Team/pair games will be a recurring event on the Saturday calendar. Next team/pair game is scheduled Saturday, June 29 at 12:30 PM.

Club remodeling project: Thanks to the following for investing. Your support is very much appreciated.

Jeanette Arnold
Ellen Bierman
Rich Bredemeyer
Sandy Craft
Ralph Croskey
Olivia Ehmer
Bunny George
Sheila Grimm

Jeanne Harlan
Monica Heseman
Lorie Holmes
June Johnston
Nancy Meade
Christine Moyer
Barbara Parke
Anna Piner

Anita Ritchin
Rick Salesky
Lois Sayward
Michael Smalline
Judy Shaffer
Polly Westra
Nancy Whitmire
Scott Zager

Please excuse the mess while the remodeling is getting done. We all will love the finished product. We need everyone's help to keep everything else neat and tidy.

Scoring errors:

- Please be careful entering and verifying the scores on the Bridgemates. Please call the Director in charge of that game with corrections during the game.
- Before you leave the club on game day, consider getting a score printout, checking scores and reporting discrepancies to the Director. Errors are much easier to correct before scores have been submitted.
- You have probably noticed that Common Game is ferreting out possible scoring errors. You may have received emails alerting you to the fact that a particular score is unlikely or impossible. You should report these discrepancies or others discovered after the fact to the Director of the game in which you played, NOT to the club email or phone! Your directors are happy to make the appropriate corrections but need to do it in a timely fashion. Your best chance of having this happen is to report the discrepancy to the director. Director contact information is on the game schedule on the club website home page (www.bridgewebs.com/jacksonvilleschool).
- Scoring changes received after you leave the club on game day will be reflected in the result that is reported to the ACBL at the end of the month and will be posted in a Corrected printout on the club bulletin board. Corrected results will not appear in the Results section of the club website, nor in Common Game results.

Thanks for helping us run games smoothly!

Thank you, **Judy Miller**, for proofreading this issue.
