Thank you to the family of **Mack Hudgins** for donating a dishwasher in Mack's memory.

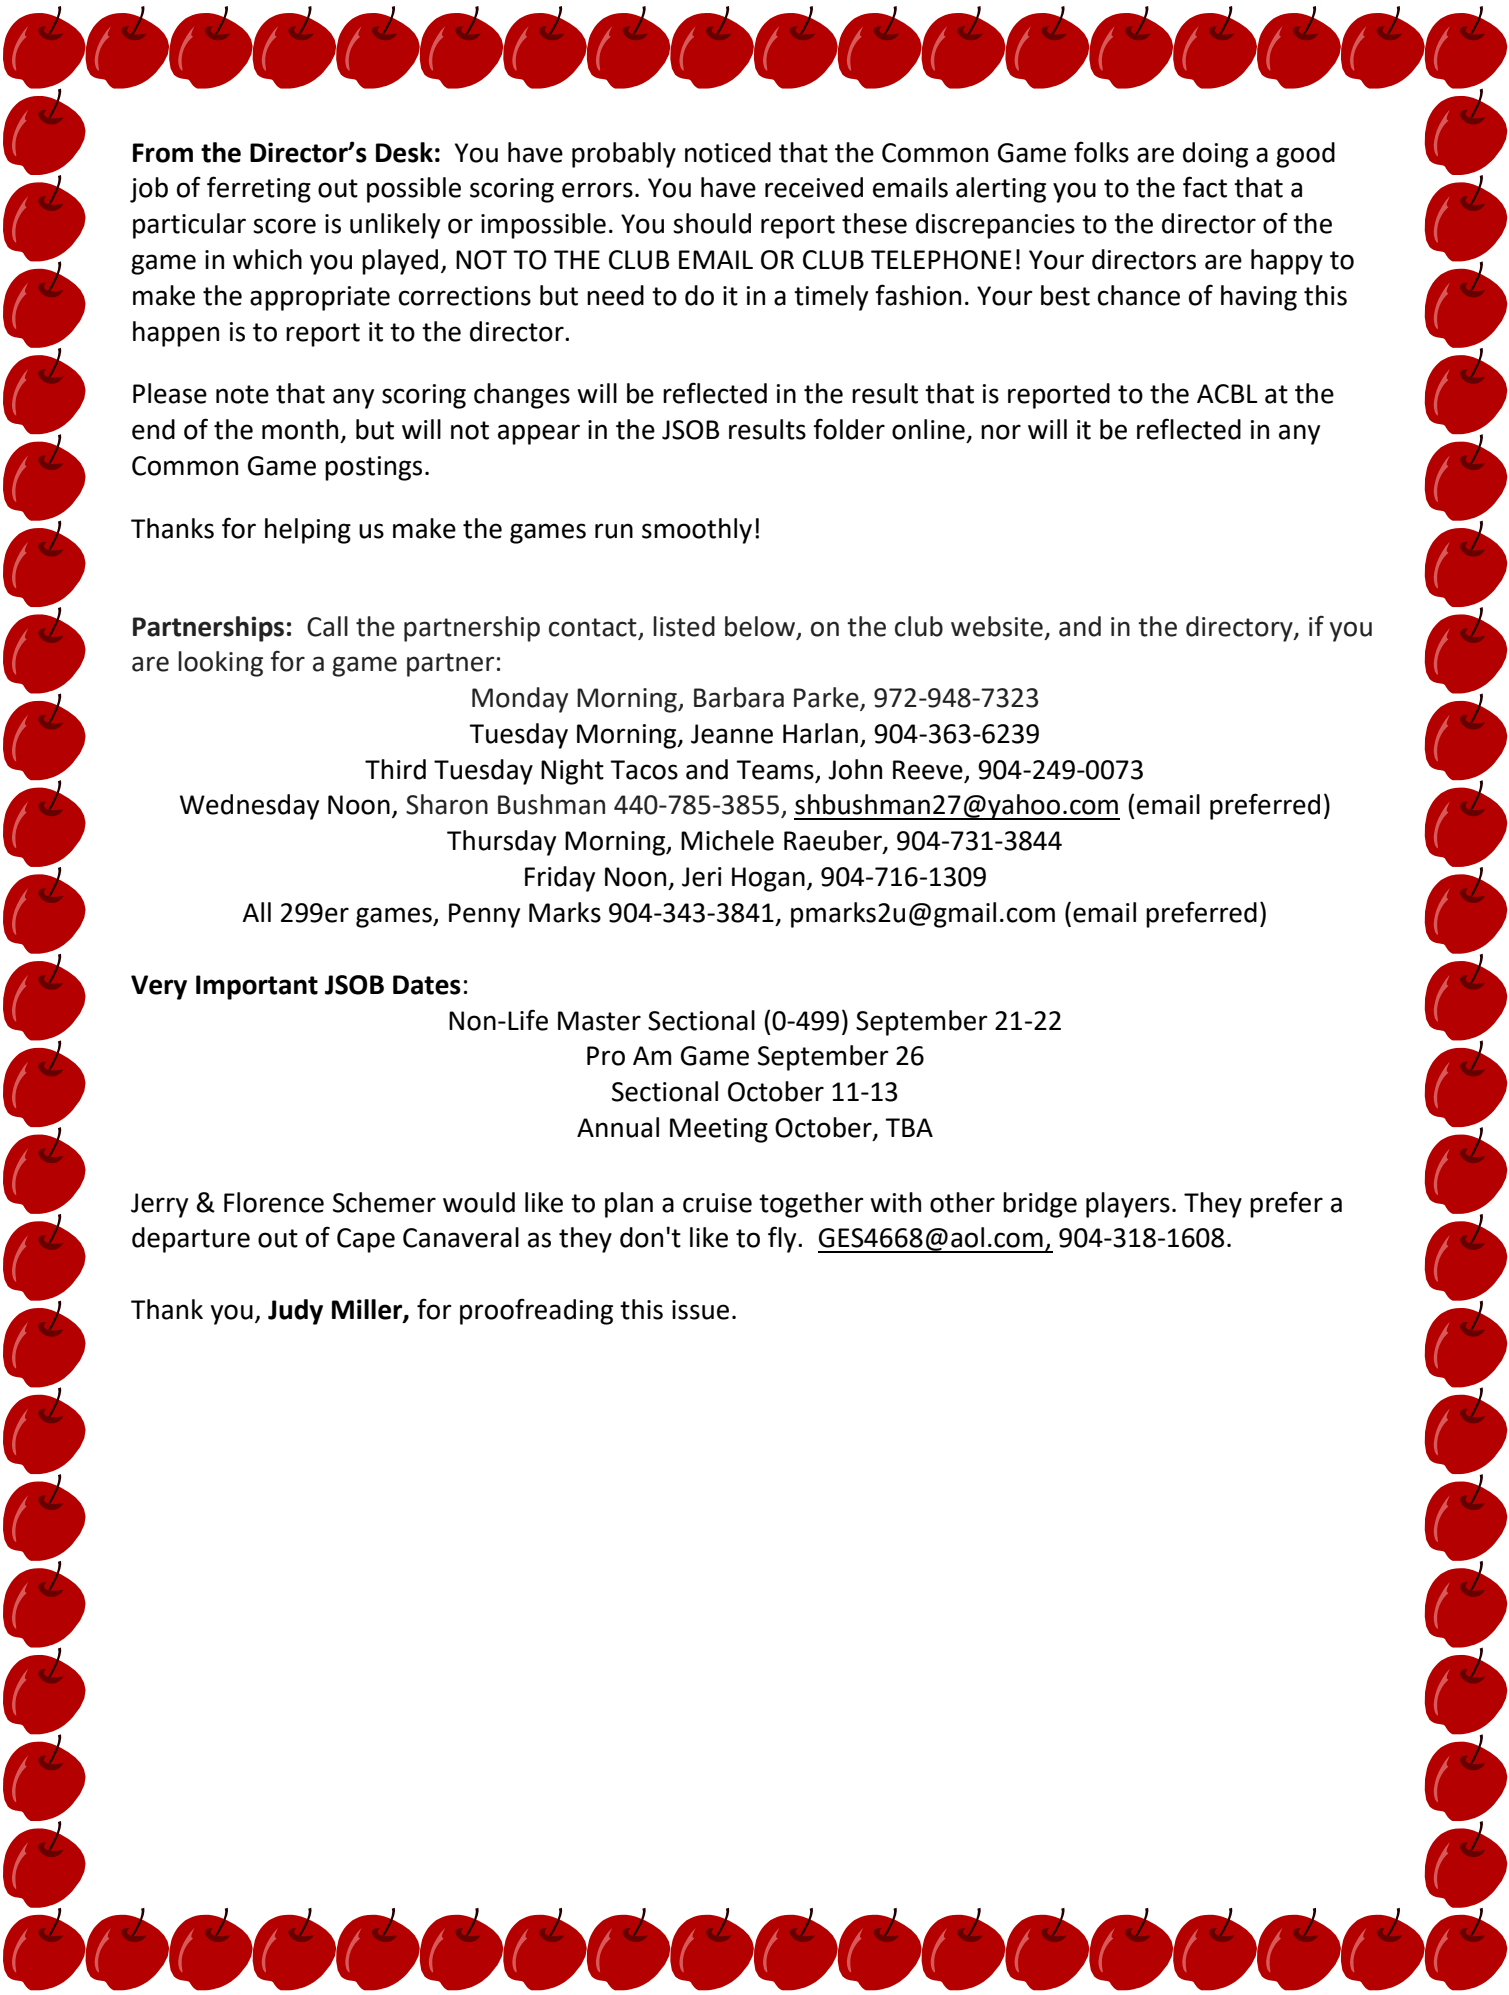

Our thoughts and prayers are with **Monica Heseman** whose mother passed away.

The Longest Day Alzheimer fundraiser was a success! Thanks to Chair **Lorie Holmes**, with the support and help of **Linda O'Dell**, volunteers **Robin Leventhal**, **Melissa Sovereign**, **Jeanne Harlan** and **Penny Marks**, and of course to members who participated, we collected \$1907 for Alzheimer's research.

Pro-Am game is Thursday, September 26. Volunteers are need for set-up, kitchen duty and organization. Please contact Lynn Brown to help. Only Pros and Ams will have a game that day!

Paying for Seat Assignments Policy Change: The Board has voted that members pay for their partner when getting a seat assignment.

Help JSOB reduce waste! Please use ceramic coffee cups and place them in the dishwasher at the end of the day. There are plenty of ceramic cups in the cupboard above the drink cups. Reusable cups reduce trash, help the environment and save the club money. Coffee cups cost us \$500 annually; cold cups cost us \$500; paper towels cost \$1,000. Please do what you can to reduce use of all of these items.

From the Director's Desk: You have probably noticed that the Common Game folks are doing a good job of ferreting out possible scoring errors. You have received emails alerting you to the fact that a particular score is unlikely or impossible. You should report these discrepancies to the director of the game in which you played, NOT TO THE CLUB EMAIL OR CLUB TELEPHONE! Your directors are happy to make the appropriate corrections but need to do it in a timely fashion. Your best chance of having this happen is to report it to the director.

Please note that any scoring changes will be reflected in the result that is reported to the ACBL at the end of the month, but will not appear in the JSOB results folder online, nor will it be reflected in any Common Game postings.

Thanks for helping us make the games run smoothly!
