**News Item - Bridgewebs**

Our club is pleased to announce that we will now be using Bridgewebs software. Bridgewebs offers a very comprehensive results analysis module. Click on RESULTS tab on the left hand side. You will see a list of recent games that you can select from. We will be offering some information sessions before the game to help members understand how to get the most out of this analysis program.

We play a variety of regular and tournament games each week. Please click left on **Calendar** for the type of game that is scheduled from our 'Club Calendar' - in the meantime here is our weekly game schedule - please note that you can reach the Club by phone 15 minutes before a game at 250 317 9320. Please call the game director if you will be late.
