PRESIDENTS REPORT

Though Covid had an impact on the Bridge Club it is now stronger than it was before.

Numbers are rising, it is welcoming and friendly, there are 6 drives /week, teaching has increased and pupils are staying after the teaching. Thanks to the army of volunteers especially David who drives it all forward.

CHAIRMANS REPORT

An incredible number of people are needed to run the club efficiently – but we can always use more. Thanks to all of these for their hard work.

Looking to the future Leslie Sweet is trialling more face to face on Thursday evenings after Easter. We could possibly think of other ways to use the premises. Swiss teams is on 30th April.

There is ongoing player development – Andrew Scott, Dave Natrass, Wilf Fenwick and others.

The Annual Report summarises 2022. We made a financial loss on paper this year. As a Charity it is not justifiable to make a profit.

I look forward to 2023

TREASURERS REPORT

There is a large discrepancy between 2021/2022. This is mainly due to expenditure on property: paved area outside, sound system, radiators installed, electrical work, general upkeep.

MEMBERSHIP SECRETARY

There is a healthy number of members – initiatives have increased and the range of drives helps keep numbers strong.

178 members have been billed. A possible 15 more from Andrews class. 11 honorary/life members

HONORARY LIFE MEMBERS

Mel Sheppard made an honorary life member for his years of help.

Marc Goddard also made honorary life member for his work since 1998

DATE OF NEXT AGM Sunday 24th March 2024
